

Rationale

The Irish Association for Counselling and Psychotherapy (IACP) have a responsibility to ensure that the Association provides a safe, secure and professional service for all stakeholders. It also endeavors to ensure that Garda Vetting is part of a wider process ensuring the protection and safety of all vulnerable members of the community.

IACP is committed to ensuring the safety and welfare of all people attending its Accredited Counsellors and Psychotherapists. As a 'relevant organisation', all of our registered members are subject to vetting procedures as part of the accreditation and recruitment process.

The National Vetting Bureau of the Garda Síochána (NVB) will not make decisions about applicants' suitability; it is the responsibility of the IACP to have its own decision making process following disclosures received. Disclosures of any kind will be dealt with on a case by case basis.

The Garda Vetting Decision Maker (GVDM) will make recommendations relating to the suitability of potential or pre-existing members of the IACP. In dealing with disclosures, the IACP acknowledges that this is a most sensitive and complex area and disclosures however minor or serious must be dealt with on a case by case basis. The Garda Vetting Appeal Panel will adjudicate on appeals from the decision of the Garda Vetting Decision Maker in circumstances where the applicant is unhappy with the decision of the GVDM and lodges the appeal within the time specified in this policy document.

The Garda Vetting Decision Maker and the Garda Vetting Appeal Panel will carry out their work within the guidelines set down in this policy and will provide consistency and safeguard individual rights.

All disclosures are held within the strictest of confidence and in compliance with data protection requirements.

Garda Vetting Procedure

1. The applicant must manually complete and forward the Vetting Invitation Form (NVB1) to the IACP and provide proof of identity as outlined in the Validation of Identity Form.
2. The IACP confirms proof of identity and enters the applicant's details into the eVettingSystem.
3. Following this the Gardaí send the applicant an email with a link attached inviting him/her to complete the vetting application online. The link will expire after 30 days.
4. When checks are complete the vetting disclosure is issued to the IACP. The IACP will, as soon as practicable, inform the applicant of the outcome.

Please Note: A copy of the vetting disclosure will be made available to applicants upon request.

Please visit <https://vetting.garda.ie/Help/FAQ> for further information on vetting processes and procedures.

Who will be required to be Garda Vetted?

Student, Pre-Accredited and Accredited members and any other personnel deemed appropriate by IACP, as well as applicants that have applied for any of these posts or positions.

Re-vetting for all members is required every three years thereafter, in-line with reform to The National Vetting Bureau (Children and Vulnerable Persons) Acts 2012-2016, due to come in to effect in the coming months. Vetting is also required as part of the reinstatement procedure should a member's membership lapse and where the individual wishes to reinstate/re-apply as an IACP member.

Process of decision making in relation to the information received from the National Vetting Bureau, where there is a disclosure that raises an issue regarding the applicant's suitability to remain or become a member of the IACP

The Garda Vetting Decision Maker will assess applications for membership with the IACP and existing members where previous convictions or prosecutions, whether successful, unsuccessful, pending or completed have been raised by the NVB or where any disclosure or non-disclosure by the NVB or the applicant raises doubt or concern regarding the applicant's suitability to remain or become a member of the IACP.

The GVDM assesses the Vetting Invitation Form, the vetting disclosure furnished by the NVB and any other relevant information to determine the suitability of the applicant. It is the decision of the GVDM to request additional information from the applicant, to aid in making a decision. The applicant will be given the opportunity to make a submission in writing setting out their position which will be considered by the GVDM before making their decision.

In exceptional circumstances the GVDM or Garda Vetting Appeal Panel, at their discretion, may organize a meeting to discuss this information but in all other cases the matter shall be decided based on the information furnished as set out above and any other such information as the IACP considers relevant.

The applicant may bring a colleague or friend to the meeting; their role is restricted to supporting the applicant and they are not entitled to participate directly in the meeting. The GVDM will have a colleague in attendance. The function of this meeting is to give the applicant the opportunity to provide more information to assist in assessing the disclosure(s). If the applicant does not want to attend a meeting he/she may provide a statement in writing to the registered office of the IACP for the attention of the GVDM or Garda Vetting Appeal Panel. Where a meeting or written statement is not provided, the GVDM/ Appeal Panel will assess the application on the information available to it.

The decision to approve or refuse the Garda Vetting application must be made in a timely manner and the applicant will be notified in writing of the decision to approve or reject the applicant's suitability to become or remain a member of the IACP based on the Vetting Disclosure together with the reasons for the decision and the procedures for appealing the decision and the time limit for this appeal. The decision of the Garda Vetting Decision Maker will become final on the expiration of 21 days from the date of its transmission to the applicant.

Basis on which the Garda Vetting Decision Maker will determine the suitability of the applicant

The GVDM must consider the risk in terms of the individual, the offence and the role. In carrying out this assessment the following factors, in addition to other relevant case specific concerns will be considered.

Assessment of the Risk of the Individual Applicant together with the Offence

- The seriousness of the offence and its relevance to the safety of potential clients or those coming into contact with the applicant
- The length of time since the offence occurred and the age of the applicant at the time of the offence
- Whether the offence was a one-off, or part of a history of offending
- The number and frequency of any convictions
- Whether the applicant's circumstances have changed since the offence was committed, making re-offending less likely
- The degree of remorse, or otherwise, expressed by the applicant and their motivation to change [if provided by the applicant]
- Work history since the offence
- Availability of references
- The applicant's statement, if provided
- Any other relevant factors

Assessment of the Risk/Relevance of the Offence to the Potential Client

- Does the post involve one-to-one contact with children or other vulnerable groups of clients, service users or employees?
- What level of supervision will the member receive?
- Does the IACP membership involve any direct responsibility for finance or items of value?
- Will the nature of the IACP membership present any realistic opportunity for the applicant to re-offend as a member of the IACP?
- What could happen as an IACP member at work and how serious would that be?
- Does being an IACP member involve direct contact with members of the public?
- By permitting the person with this conviction to become a member of the IACP, would this seriously undermine public confidence in the IACP?
- The applicant's statement if provided
- Any other relevant factors

Additional grounds where Garda Vetting Decision Maker is entitled not to proceed with an interview, appointment, application for membership or termination of an existing position of an individual

The GVDM reserves discretion to deal with any information or findings as part of this procedure, as he/ she believes to be fair and reasonable in all circumstances. Listed below are a non-exhaustive list of instances that would deem an individual unsuitable to work/ be a member/ volunteer of the IACP.

- The applicant has convictions in a different jurisdiction that may be under a different name
- The IACP has received specified information in relation to the applicant
- The applicant has not made full or accurate disclosure in his / her application and / or Garda Vetting forms
- In the event whereby a charge arises, a declaration has not been made to the IACP
- The IACP deem the number of minor convictions excessive
- Failure to notify IACP of the outcome of pending prosecutions or the outcome of prosecutions since application for Garda Vetting
- Non-completion and return of the Garda Vetting Form and supporting documents within 28 days from the notification date on the invitation to vetting email
- The eVetting link is sent a second time and is not completed by the applicant
- Failure to provide further information, as requested, to the IACP regarding a disclosure made by the NVB within 21 days
- A Police Clearance Certificate has been requested, and has not been submitted to the IACP within three months
- The Garda Vetting Decision Maker has discretion to refuse an application if an offence is disclosed by the NVB which would render the applicant unsuitable to work for, with or remain or become a member of the IACP
- Any offence that in IACP's opinion deems the person unfit to work and/ or practice/ be a member of the IACP
- Failure to complete the payment for Garda Vetting

Prosecution Pending

In the case whereby an applicant has a prosecution pending, this information will be transmitted to the IACP by the NVB.

For **existing personnel / members** the applicant may remain in their position / as a member while awaiting the outcome of the prosecution however the decision on this rests with the GVDM who retains discretion.

There are automatic exclusions under which an individual's position with IACP will be suspended. These include being charged with

- Murder, attempted murder, manslaughter
- Rape, attempted rape
- Any conviction leading to inclusion in the Sex Offenders Register

In the case of **new applicants for membership or employment** with a prosecution pending, their application will be put on hold pending the outcome of the prosecution.

If disclosures have been received which raise doubts or concerns regarding the applicant for membership/position applied for or existing member or applicants suitability for membership or the position applied for, the Garda Vetting Decision Maker will request in writing that the applicant furnish further information on these.

What is Garda Vetting?

Garda Vetting is conducted in respect of any person who is carrying out work or activity, a necessary and regular part of which consists mainly of the person having access to, or contact with, children or vulnerable persons. The National Vetting Bureau make such enquiries with An Garda Síochána or a scheduled organisation, as they deem necessary, to establish whether there is any criminal record or specified information relating to the applicant.

Garda Vetting is non-transferable between organisations. Though you may have been previously vetted by another organisation, or by your university/college, in this case IACP is the relevant organisation and is responsible for its own vetting. Therefore, IACP cannot accept vetting letters from another organisation.

Please Note: By engaging in the Garda Vetting process applicants agree that they have read, understand and agree to the IACP Garda Vetting Policy.

On receiving this notification, the applicant may make a submission in writing to the Chief Bureau Officer concerning the information, not later than 14 days, from the date of notification, or a longer period if the Chief Bureau Officer specifies.

When the Chief Bureau Officer is making a determination as to whether the specified information should be disclosed, he or she must reasonably believe that the information is of such a nature as to give rise to a bona fide concern that the applicant may harm, attempt to harm or put at risk of harm, a child or vulnerable person and must be satisfied that the disclosure of this information is necessary, proportionate and reasonable in the circumstances for the protection of children or vulnerable persons.

Making a determination

In making a determination, the Chief Bureau Officer must take a number of matters into account, including the relevance of the type of work concerned, and the rights of the applicant.

The Chief Bureau Officer can make any further enquiries necessary from An Garda Síochána or a scheduled organisation, to assist in making a determination.

When the Chief Bureau Officer has made a determination that specified information should be disclosed, he or she shall

- notify the applicant in writing of the determination and the reasons for it,
- provide a copy of the specified information proposed to be disclosed,

If the nominated Liaison Person is required to communicate with the applicant by telephone the following protocol will be adhered to:

- The Liaison Person will verify the person is the applicant
- No detailed messages will be left
- No discussion will take place with any other person, spouse or partner
- The Liaison Person will give an assurance of confidentiality

If the Liaison Person is required to verify disclosed details the applicant will be asked:

- Is there anything they remember concerning the time of the offence
- Have they have ever been to court
- For any relevant information concerning the disclosed information
- To consider the significance of the disclosure in relation to the position applied for
- All responses should be noted

Dispute Handling Mechanism regarding information supplied by the NVB

Disputes Concerning Information Supplied by the NVB

Where an applicant disputes the detail contained in a vetting disclosure from the NVB, he or she may refer the issue to the NVB dispute process.

- This process is activated by the applicant, who should outline the basis of his or her dispute, in writing, to the Liaison Person for the organisation who is conducting vetting. The Liaison Person then submits the complete application file to the NVB for further checks.

In instances where an applicant wishes to dispute any detail contained in a Garda Vetting Disclosure issued to a Liaison Person in respect of them, the following procedure should be implemented:

- The applicant should outline the exact basis of their dispute and submit it in writing to the Liaison Person.
- The Liaison Person should submit the report received from the applicant, along with the original Garda Vetting Application Form in respect of them, to the NVB for further checks to be conducted.
- If the applicant indicates there were errors or omissions made by them while completing the original application form, they should be requested to complete a new application form; and both the original and the new application forms should then be submitted together with the request for further checks to be conducted.
- If, following the result of further checks, the applicant still disputes any detail in the Garda Vetting Disclosure issued in respect of them, arrangements will be made for further validation procedures to be undertaken in order to resolve the matters at issue in the dispute.
- At the conclusion of the dispute resolution procedure, decisions in respect of the suitability of the applicant for a position / membership within the IACP are the responsibility of the Decision Maker/Decision Making committee within the IACP, and the NVB will have no input into any such decisions.

Results of the re-check by the NVB will be returned via the Liaison Person in the IACP. If, following a re-check, the applicant still disputes the data, arrangements will be made by the NVB for further identification procedures to be implemented e.g., fingerprinting so as to resolve the dispute. Pending the outcome of a dispute or appeal process the individual's membership will be suspended.

Outcome

Where the applicant vetting is approved by the IACP, this will be communicated to the individual and the person responsible for the recruitment or membership by the nominated Liaison Person.

Where the information disclosed by the NVB and/or self-disclosed by the applicant deems the individual to be unsuitable for the position applied for, by the GVDM, they will be informed of such. The applicant will be unsuccessful in the position applied for, or will be removed from their current position with the IACP and/ or will have their membership lapsed.

The applicant can decide to withdraw their application at any stage during the vetting process.

Where in appropriate cases of seriousness of disclosure and where the GVDM deems it necessary the applicant, where they are existing members of the IACP may be suspended from their membership or employment pending the outcome of the decision making process regarding their suitability to remain as a member or in their current position.

Re-Vetting

Vetting is required for new members to the IACP and re-vetting is only required whereby a member's membership lapses and they wish to re-apply for membership/a position in the future. IACP reserve the right to request vetting at any time and failure to comply will result in position being withdrawn.

There is an obligation on a member to inform the IACP of any actual or pending conviction or prosecution since they were vetted and therefore they will be re-vetted. Failure to do so may result in the IACP terminating their membership of the IACP. The IACP may engage in spot checks of members at any point during said period.

If the circumstances of a member/person change, a declaration must be made to the IACP notifying of any prosecution, prosecution pending, or offence. This will be dealt with in line with the procedures outlined in the Garda Vetting Policy.

In the case that an applicant's Garda Vetting Application has not been approved by the IACP, the applicant may re-apply after a 12-month period from the final date the applicant has been informed of the outcome.

Data Protection

All rules of Data Protection will be observed in respect of any data received following a Garda Vetting request:

- Information will be kept for a specified, explicit and lawful purpose
- Use of and disclosure of information obtained occurs only in ways compatible with these purposes
- Information will be kept safe and secure
- Information will be accurate complete and up to date
- It will be retained only while necessary for the purpose obtained
- Information received from the NVB will be shared with the individual at their request
